

LT VET NATIONAL TEAM: IMPLEMENTED ACTIVITIES, EXPERIENCE, CHALLENGES

Jurgita Pilypaitytė, Project coordinator
October 13-14, 2022

EUROPEAN CONTEXT

Yearly budgeted: for VET National Team activities about 3 mln. EUR.

Almost all countries, except 5 (2021) were involved into VET National Team activities.

Most of NA's are inviting former ECVET experts to take part into this new initiative.

NATIONAL TEAMS TO SUPPORT THE IMPLEMENTATION OF EU VET TOOLS

The purpose of the national teams of VET experts is to provide a pool of expertise to promote the application of EU VET tools and principles in EU funded projects supported by the Erasmus+ Programme.

The concerned EU VET tools are laid down in the relevant EU VET policy documents such as the European Framework for Quality and Effective Apprenticeships and the Council Recommendation on VET (such as the EQAVET Framework, EU core profiles, graduate tracking and others).

The experts should in particular provide support to the beneficiaries of EU funded projects supported by the Erasmus+ Programme to implement the abovementioned EU VET tools in their projects.

MANAGEMENT (2021-2022)

PLAN FOR 2023

3 main themes/topics for 2023:

- Providing information and guiding through the application procedure for **Centre of Excellences**;
- Driving more **Inclusion and Diversity (I&D)** within VET institutions;
- **Learning Outcomes (LO) recognition**: in 2023 LT VET National Team will organize a thematic monitoring seminar on LO recognition in order to emphasize the concept of LO, description of LO, examples, etc.
- **Consultations**;
- **International visits**.

3 groups of 3 experts
(3+3+3) according to their
experience and activities

CHALLENGES

- Difficult and long public procurement procedures;
- Wide and bride topic/initiative, where everything might be related to quality of projects;
- No floor (or almost no...) for sharing the good/bad examples or experiences;
- Project activities calendar related to yearly Erasmus+ Work Programme;
- Full and intensive calendars of our experts;
- ...

GOOD PRACTICE EXAMPLES

- Being a part of Vocational Education and Adult Learning Programmes Unit helps to know the needs of project managers from Erasmus+ KA1 and KA2 projects;
- Synergy with NA's Inclusion Group ensures a wider audience for different activities (events, experts interview, consultations etc.);
- Zoom meetings with LV and EE colleagues inspired us to plan this event for good practice sharing, networking and maybe creating new plans for next years.
